

Dog Walking on Wildlife Trust Nature Reserves

This nature reserve is managed by Hampshire & Isle of Wight Wildlife Trust for the benefit of wildlife. The site currently operates a 'dogs permitted' policy. We ask you to act responsibly during your visit by doing the following:

Keep your dog close to you and in sight or on a lead at all times.

This helps to minimise the distress and disturbance caused to local wildlife, our grazing animals and other visitors.

Always pick up after your dog.

Dog mess is not only an unsightly health hazard for other visitors, it also promotes the growth of weeds and discourages the growth of wildflowers. Please pick up after your dog and take your dog waste home with you for safe disposal or use a nearby bin.

Be aware of grazing animals.

Some reserves are managed with the help of grazing animals. Please keep your dog close to you and on a lead to avoid distress to the grazing animals. Look out for and take note of

signs on the reserve and contact us for a copy of our “Walking with Cattle” guidelines.

Consider other visitors.

Our nature reserves are managed for the benefit of wildlife. By acting responsibly and encouraging other

visitors to do the same, you can help local wildlife thrive for future generations to enjoy.

Hampshire & Isle of Wight Wildlife Trust is your local wildlife conservation charity. It costs us money to maintain paths, empty dog bins and manage this site. To help this nature reserve, please make a donation or join us.
